## Brilliant Scene as State's New Chief Executive Takes Oath of Office--Hun- dreds of Officials and Guests Present --Makes Powerful Address, Urging the Abolishment of the Trustees of Pub- lic Institutions

(By Associated Press)  
Concord, N. H., Jan. 2.—Gov. John H. Bartlett in his inaugural address to the legislature today urged the abolishment of the Trustees of Public Institutions and the placing of the High way Commission in matters of finance under the supervision of the Governor and the Executive Council. The governor thought that the State Board of Charities and Correction should be brought into closer relation with the Executive, believed the Public Service Commission in a state of this might be gradually reduced to a single member, an idea there should be but one member of the Tax Commission instead of three. Opportunity for elementary education should be the same everywhere. In the state even if the state pays for it in poorer places. The governor declared he urged the unanimous ratification of the Federal prohibition amendment efforts to keep all workers employed during the transition period, the freeing of all toll bridges, care for the interests of returning soldiers and of dependents of soldiers who fell and a budget system for state finances and a new course of taxation.

Concord, Jan. 2.—Guests arrived here last night on a day for the inauguration of Col. John H. Bartlett, a Portsmouth as the 76th chief executive of New Hampshire and the 65th governor under the present state constitution. All the former governors have been invited to attend and there will be hundreds of other distinguished guests.

The old-time ceremonies connected with the inauguration will be observed. The legislature will convene at 11 o'clock and soon thereafter will meet in joint convention and receive the new governor and the new council. The new governor will read his address shortly before noon and the reading will take about an hour and a half. The new governor having prepared one of the most comprehensive and exhaustive addresses ever delivered at an inauguration in this state.

Governor Bartlett said in part: Senators and Representatives:

My first impulse is to express to you and your constituents a word of thanks for the great confidence with which you have announced me to take this sacred oath, and for the loyal support which you have promised me.

With hearts of gratitude for the glorious dawn of peace, with a new sense of brotherhood, with an impelling feeling of thanksgiving to Almighty God, we are assembled here to again exercise and enjoy those sacred privileges of self government which have been so securely preserved to us by the valor and blood of our sons both living and dead.

#### A New Day.

The voices of a splendid people have called us here as the new representatives of a new day. They bid us to take up our work with studious fortitude, in the spirit of re-appraising our state and our needs in this the new

GOVERNOR JOHN H. BARTLETT

light of the best day the world has yet seen. They bid us to see the new viewpoint, and when our duty is thus determined to perform it in a fine spirit of valor—such as was shown by our boys who have won our triumphs in arms.

We come rejoiced that our victory in war was complete; that our sacrifices have been small; and that we may still feel rich in the possession of "life, liberty and the pursuit of happiness."

I cannot fail to voice an official welcome to all our living sons who have offered themselves to their country. All that we can do for them shall be done. Neither can I fail to speak for you the most feeling word of thanksgiving, and also of consolation in memory of the lives of those heroes laid on the altar of freedom.

It is the duty of the nation, as an expense of the war, not only to care for those who have been made dependent by the war, but to furnish employment at once in public works and improvements, or support without work, those who are forced by the

sudden transition of business from a war basis to a peace basis into want and distress through idleness.

Good government in a democracy is to provide what the people honestly want, and then levy taxes of some kind for payment. These two phases of the question must always be kept together. We should be reasonably sure the people do want each given thing, and then we should discover the best method of securing the necessary money. When that has been done, the executive function of the state should see that the people obtain those results without waste.

Shall the Governor and Council Be Chief Executives?

The constitution of our state makes the office of governor the "chief executive." But the truth is that the governor and council have been so stripped of their powers by a gradual process of "farming out" their powers to others, that, now, they are not only not the chief executives of the state.

### DESTROYERS ARRIVE IN BOSTON

(By Associated Press)  
Boston, Jan. 2.—The destroyers Tucker and Drayton and the converted yacht Isabel arrived here today from overseas where they have been on patrol duty. These are the first American war vessels to come directly to this port from European waters since the conclusion of hostilities.

### WATCH FIRES STILL BURNING

(By Associated Press)  
Washington, Jan. 2.—Several members of the National Women's Party, wearing women's slippers, stood in the driving rain on the sidewalk before the White House today to keep burning a "watch fire" which they say will burn until the Senate acts favorably on the women suffrage amendment. Relays of women attended the fire since it was lighted on the last night after a crowd of citizens and men in uniform had extinguished one started in a decorated ark in Lafayette Square. Half a dozen women arrested during the disturbance and released without bonds failed to appear in the police court.

## P. A. C. OPEN BIG CARNIVAL

Have all Three Halls at Freeman's and Many Attractions

The Portsmouth Athletic Club opened their three night carnival on New Year's night at Freeman's hall, and despite the very disagreeable weather—rain and very slippery walking—there was a good crowd present and there is every indication that to night and Friday will see the hall packed.

The P. A. C. are offering their usual line of attractions with something doing all of the time and with every opportunity to spend your money and get a fine return for the spending if your luck is good.

The carnival has taken over the three halls, the main hall, where there are booths for the sale of various articles and where there is dancing, and the Annex, where there are more booths and more dancing, and the Pythian hall used for the gentlemen's smoking room and with some attractions. All are busy and there are the old time Athletic members willing to give the glad hand of welcome and convince you that they can sell you the lucky ticket.

Two of the first one acts are Jack Newell and "Gus" Simpson in the box office, and the rest of the old timers are about the hall. "Dad" Hasty busy on a fruit basket booth; "Joe" Conner in charge of the tickets; Fred Drew doing a little of everything; "Hert" Howe helping out where it will do the most good; "Fritz" Parker on one of the wheels. Then there is President Louis Ewald in every capacity to selling chances on a soap booth, in direction of the entire show. George Kaula has charge of the lower floor and the cabaret and he is a busy gent.

The lower hall is very prettily decorated and the booths well arranged. The principal attraction here is the dancing and for this Whitman's orchestra of ten pieces are doing a great job. They are assisted in many of the numbers by the chorus of cabaret singers.

The first of the evening, the Athletic band, Joe Bernier leader, gave a

fine concert program, after making a short parade about the city. The band concert is a feature of the program.

There are six people furnishing the vaudeville acts and they were heard in all of the halls. They include "Princess Brackett," singing and dancing; Selma La Rochelle, songs; Mae Marie, singing; Sammy Wallace, who featured "She had no loving for a long time now," "Kissing" and "The Rose in No Man's Land," "Hube" Reno in his town constable act, and Alberta Tuttle in her balloon dance, given in the lower hall, call for repeated encores.

In the main hall there are several booths including the electric wheel in charge of A. H. Carpenter; the grocery store with Bill Conville in charge; the candy stand with John Dowd and Charles S. Conlon doing the honors; the oriental booth with Misses Doris Kaula, Hille Dabbs, Dentrice Oulton and Norma Varney in charge, and a soap booth with Shirley Simpson, Johnny Pickering and Johnny Hasset doing the heavy work. They all have an able but shifting corps of assistants.

In the annex there are more booths, a tobacco booth, where "Hert" Howe is in charge, and a "Dad" Hasty booth, where "Dad" Hasty is in charge. There is also a "Dad" Hasty booth, where "Dad" Hasty is in charge. There is also a "Dad" Hasty booth, where "Dad" Hasty is in charge.

In addition the smoking room is in charge of a bunch of live members who keep things going fairly fast. Willis Hugg is holding after the cash as treasurer and officers Anderson and Deberry are doing their usual good work on the doors.

The dancing crowd increased during the evening and when the carnival came to a close for the night there was a big crowd on the floor.

## TRANSPORT POUNDED BY HEAVY SEA

(City Associated Press)  
New York, Jan. 2.—The constant pounding of the sea against the American transport Northern Pacific, stranded on Flax Island since 3.30 a. m. Wednesday, had driven the ship higher onto the beach this forenoon, so that her bow was in the water and only 30 yards from the sand bar on which the vessel grounded. Waves heavier than those which wedged her tightly into the sand yesterday were breaking over the transport and the wind was still blowing unfavorably from the southeast. So long as these conditions prevail Naval officials here said no attempt could be made either to put ashore or to transfer to other vessels the 3000 troops, civilians and naval

## FORD RAISES PAY OF 28,000 MEN

(City Associated Press)  
Detroit, Jan. 2.—A new minimum wage scale of \$6 a day, a 10 per cent increase of \$1 a day for approximately 28,000 employees throughout the country was announced today by the Ford Motor Company. Employees of the Ford Motor Company are included in the increase. The new minimum became effective today. Twenty-three thousand other employees of the Ford interests already receive \$6 or more a day.

Coincident with the announcement of the wage increase, it was made known that Henry Ford had resigned as president of the Ford Motor company and his son, Edsel Ford, elected to succeed him at a salary of \$150,000 a year.

Mr. Ford in tendering his resignation gave as his reason his desire to devote more time to the tractor industry. He retains, however, his seat on the board of directors of the company in an advisory capacity.

Edsel Bryant Ford, who becomes the executive head of a corporation representing an investment of close to \$200,000,000 is only 21 years old. He entered the shops of the Ford plant when he was 16 years old, to gain a thorough working knowledge of his father's business. He has been acting as executive head of the Ford Motor Company.

# PORTSMOUTH HAS A POOR RATING

## Public Health Service Head Informs Meeting That Its Death Rate is Far Too High

Surgeon Paul Preble of the United States Public Health Service, in charge of the Portsmouth zone, delivered an address before the Woman's Guild of the North Church on Tuesday afternoon, before a representative gathering. His subject was the "Public Health and the Sanitary Condition of the City of Portsmouth."

He intently stated the conditions under which the Public Health Service came to Portsmouth. They were asked to come by the Navy Department at a time when the health of the employees of the yard and the shipyards and especially the enlisted men's health was causing the department some concern. He outlined the make-up of the Public Health Service and the rules under which they were operating in this city and vicinity, not for any selfish reason for they would in time have to go to other cities, but with the hope of establishing and leaving as a permanent organization a public health department instead of the present inefficient system of Board of Health and the untrained health officer.

He called attention to the fact that only a fraction of the expense was borne by the city. The United States Public Health Service have allotted \$2,000; the state of New Hampshire \$500; the state of Maine \$500; York \$1200; the American Red Cross \$3000, and the city of Portsmouth \$3000. All of these with the exception of the city's appropriation, runs until July, 1919. The city's appropriation has been expended mainly in making the alterations for the rooms and fitting up the laboratory, and the city pays the city inspector's salary as it has always done.

One of the financial benefits of having the Public Health Service here, was in the recent epidemic which while it was the most violent ever in the history of the city and with the greatest number of deaths, cost the city only \$2000, while with a much smaller number of cases, cost that city \$15,000.

A few cases of smallpox a few years ago cost the city nearly \$5000. The Public Health Service in the recent epidemic sent into the city four extra physicians and half a dozen nurses which they paid for.

Dr. Preble said that there was an impression that this city was a healthy city, whereas its death rate was above the average of the entire country and far above the average of the ordinary city of its size in the north. His figures showed that the average death rate in cities in the country for 1900-10 was 15.5, while the average for Portsmouth was 17.3. The average for the country has steadily declined since that time while it has increased in this city. In 1915 it was 12.5 and 1917 15.3, and of course the 1918 will be much higher because of the influenza epidemic.

He also stated that the sanitary rating for this city as made up by the Public Health Service, which is based on water supply, sewers, restaurants, health department and control of milk supply was but 51.06 out of a possible 100 per cent. This did not compare very favorably with Montclair, N. J., with its 85 per cent.

Dr. Preble told of some of the work of the United States Public Health Service throughout the country and of the cities that had adopted the recommendations. In fact every city or town around an army or navy station was made to see the benefits and if they refused the service or navy department immediately placed a restriction order on the city or town until they complied with the rules. He mentioned as an example what had been done in this city when the Navy Department stopped enlisted men from entering two places which had not complied with the orders.

He outlined what the city of Portsmouth needed to take the place of the present system, and said that it could be maintained at a per capita of 50 cents. This would include the Board of Health, which acts only in an advisory capacity. A full time and trained health officer salary of \$2500; a duty and food inspector at \$1800; a public health and school nurse at \$1500, and the expense for the maintenance of the laboratory, \$350, office expense \$200, etc., a total of \$7,000. This would in his opinion soon give Portsmouth a rating that would be a credit to the city.

Dr. Preble also stated that he would eventually make a report on the condition as he finds them, to the Public Health Service and to the Navy Department, and with it embody certain recommendations, but he did not intend to do this now, hoping that conditions would be greatly improved and that his report would be far more favorable than if made at the present time.

He briefly mentioned the order of the Board of Health or rather that of Dr. James H. Dixon and Clarence H. Pearson, cancelling his appointment as health officer and ordering him out of the office at city hall. He said that he would not pay any attention to it, as it was a matter that only the City Council could act upon and not the Board of Health.

At the conclusion of the meeting resolutions were drawn up protesting against the action of the Board of Health and they will be presented to the new city council.

The police seeing smoke coming from under the door. A still alarm was sent in for the auto chemical and upon their arrival they found the store filled with smoke and hot enough so that when they forced the front door the heat broke one of the big windows.

The fire was finally located in the rear room in one corner and it had burned a hole through the floor and with a few more minutes' headway would have spread through the entire store and bleck. There was a large amount of damage in the rear room to the stock and the damage to the front store was heavy from smoke.

## MAYOR HISLOP TAKES OATH OF OFFICE

(Continued From Page One)

stating his intention of giving the city a business administration and of his willingness to devote whatever time is necessary to the work of the city. He said:

Gentlemen of the Council—I consider it a very great honor to become the chief executive of Portsmouth at this time. It is becoming a great city. It has grown from a city of 12,000 to a city of probably 20,000 people. It has great prospects and possibilities and we have an opportunity by working together to make it force ahead more than ever. I appreciate the opportunity of being your mayor and taking hold with you to give this city new life.

I need the help of each one of you in getting familiar with the workings of the different departments, and the duties of the different offices, including my own.

My only claim is that, as a business man, I shall be able to understand the practical end of the city's business and see that it is not cluttered, and gets one hundred cents on every dollar it spends.

I realize and feel that now I am the servant of the people of this city. Although I am naturally a very busy man, in my private business, I want to assure you and the people that, if necessary, I will put even my whole time into the city's business in order that nothing be neglected, and in order that the requests and claims of all people, whether rich or poor, shall not be overlooked or slighted.

The needs of the poor people shall be my special care. I want to go on record as saying that it will be one of my first ideas to look out for the poor and needy of the city.

I believe in having things and doing things that will make the city prosperous and the people contented and happy, and I believe in keeping the finances as low as possible to accomplish these things.

But, as you will see, our administration is starting under extraordinary difficulties. My immediate predecessor, contrary to custom, has within a week, emptied the treasury of practically all of the money which is always left for a new administration to begin business on, and which he had when he began his administration. This forces us at once to borrow at high rates until tax money becomes available next July.

The city has reached its debt limit of 5 per cent fixed by law. In addition to this it has exceeded it by \$27,000 in one item, and \$120,000 in another item, the latter being the contract to pay such sum to the Atlantic Heights Housing Committee. The agreement provides that any taxes we get there must be paid on account of the interest and principal of that debt. But we are obliged to run a school, furnish lights, police, fire protection, in short, run a little city, from which we get no tax, and all these things we furnish must be paid for by additional taxes upon the rest of the city.

We have some control over the affairs of the Police Department, the Board of Public Works and the School Department as comes from the right and duty to appropriate money with which to maintain them.

I recommend that we maintain our schools along the high standards of efficiency by which they are now administered.

By the recent rapid growth of our city the amount of our water supply has been greatly taxed and it is a serious problem how the increased demand will be met. I recommend that you give this question very careful investigation.

We have an efficient fire department, but the growth of the city and its recent extensions may require additional appliances and equipment.

Thanking you in advance for your co-operation, I now await your pleasure.

A communication was received from the Board of Public Works as to the temporary requirement of the department for highway and water department and the usual appropriation was made to take them over until the Finance Committee makes up the appropriation bill.

The usual resolution authorizing the Mayor to draw his warrant for payrolls, etc., was passed.

The following in the composition of the new council: Councilmen at large, Norman H. Boone, Harry B. Yeaton, Simon Fink, Thomas C. Lecky; ward councilmen: Ward One, Andrew Barrett; Ward Two, E. Curtis Matthews; Ward Three, Timothy Donovan; Ward Four, Stewart Humphreys; Ward Five, William H. Dunn. It stands seven Republicans, two Democrats, and it is the first Republican majority for three years.

## TWENTIETH CENTURY CLUB BANQUET

The 19th annual banquet of the Twentieth Century Club was held at the Hotel Rockingham on Tuesday evening and it was the usual very enjoyable gathering. Practically all of the members were present and the menu that West G. Q. Patton served was one of the best ever.

There were the usual songs and the choir were in good voice, and the entertainment was in the nature of a victory celebration and ended with a rousing reception to the New Year.

## COUNCIL GIVE THE MAYOR A BANQUET

Mayor Samuel T. Ladd, who retires as the city's chief executive, this forenoon, was last evening tendered a farewell banquet by the members of the City Council and the City Clerk. It was held at the Hotel Rockingham and it was a very pleasant gathering that was extended to give the New Year a proper greeting.

## BOARD OF PUBLIC WORKS

The Board of Public Works held their first meeting of the year and Clarence Smart was sworn in as the new member. No attempt was made to organize and the board proceeded to make up their temporary appropriation for the council.

There is no change in the Board and in all probability there will not be any change in the organization, and Supt. Gerald A. Cullen will in all probability be re-elected.

## HEADQUARTERS WOMAN'S PARTY IN CONCORD

Headquarters have been maintained at the Eagle Hotel in Concord for the past three months for the National Woman's Party. Their organizers have been active and well received by the political leaders of the state and it is largely through their efforts that 292 signatures have been obtained for the petition asking our two United States Senators to vote for the Susan B. Anthony amendment. These names include more than two thirds of this incoming state legislature.

Two organizers who opened the campaign in October, spoke in this city. There at an open six whose work is connected at the State capital. Miss Doris Stevens of Washington, a speaker of National renown; Miss Lyle Hill of Connecticut, daughter of the late Congressman Ebenezer Hill; Miss Bernice Arnold of Colorado; Miss Clara Louise Rowe of California; Miss Margaret Whittemore of Michigan; and Miss Catherine Flanagan of Connecticut.

Miss Sallie W. Hovey, chairman of the New Hampshire branch of the National Woman's Party, has joined the group at headquarters, and Miss Alice Paul, National chairman, is coming out from Washington Jan. 3. At the mass meeting held by the Woman's Party in Washington two weeks ago over \$30,000 was subscribed to win this essential vote in the United States Senate. New Hampshire was one of four states which called for immediate and diligent labor. Senator Moses is open to conviction and his attitude is now considered hopeful and even encouraging.

## NEW YEAR DOES NOT GET NOISY WELCOME

The advent of the New Year in this city was not a very noisy one, and while there were a few people on the street to cheer as the North church bell began ringing out the old year and the new one in, it was not very large and soon after dispersed.

During the entire evening there was very little going on, the theatres and the dance halls had good crowds, who remained for the midnight greeting, and there were two banquets at the Buckingham hotel.

At the clubs there was more or less open house with many of the members remaining until after midnight, but as a whole it was a very quiet New Year's eve.

At midnight the whistles at the Navy Yard and on many of the plants opened up for about fifteen minutes.

## MILK DROPS TO 13 CENTS IN N. Y.

While Boston milk dealers and producers were deplanning that the regional milk commission permit them to charge 17½ cents a quart for milk, two of the largest milk dealers in New York put into effect a reduction of milk prices to 13 and 12½ cents a quart.

These dealers were the Reeves Groceries Company, and the Progressive Grocery Stores.

The milk handlers supplying Massachusetts demand an increase over the present price, to remain in effect for three months. The producers also demanded some readjustment of the manner of handling the surplus supply of milk so that the distributor would be held to an agreement to accept the entire supply in seasons of full production.

## EXETER

Exeter, Jan. 2.—At the regular meeting of Orient chapter, O. E. S., Wednesday night, there was an installation of the newly elected officers by Past Grand Patron Dr. Walter Tuttle, assisted by Past Patron Albert J. Weeks, the retiring patron, acting as grand marshal, and Frank L. Junkins, acting grand chaplain. The retiring worthy matron, Mrs. E. L. Cunningham, was presented with a past matron's Jewel by Past Grand Patron Tuttle. Refreshments were served.

Charles L. Mitchell, who was appointed police officer at the beginning of the war, when many of Exeter's citizens felt the need of more police protection, has resigned, and Fred G. Goodrich, who has acted as special officer, has been appointed to succeed Officer Mitchell, and assumes his new duties last night. No new special officer has been appointed.

Prof. Bliss Perry of Harvard university, accompanied by Mrs. Perry, are New Year's visitors of Dr. Lewis Perry of Phillips Exeter academy.

James Seward, so far Mr. and Mrs. John W. Seward of South street, has received an honorable discharge from the army and is at his home here.

The annual meeting of the Exeter Cottage Hospital corporation is held next Monday afternoon.

being built upon the Plymouth play ground.

Miss Mary Taylor of Watkinson, Mass., a graduate of Boston university, with teaching experience in Lincoln, and Mrs. Mildred Flora Fong of East Kingston, who has taught in Dorchester, Mass., and who is a graduate of the University of Maine have been appointed as instructors in the Maine Female seminary for the remainder of the year. To fill the vacancies caused by the death of Miss Locke and the leave of absence given Miss Perley, Miss Taylor will teach German and Latin, while Mrs. Fong will instruct in Latin and French.

## WOMEN'S PARTY WORKING HARD

It is confidently expected by members of the National Woman's Party now campaigning in New Hampshire that the legislature of this state will follow the example of the legislatures of Rhode Island, New York, North Dakota, Arizona and Montana which have already passed resolutions calling upon their Senators to vote for the National Suffrage Amendment when it comes up in the Senate early in January.

The present campaign for legislative action is being conducted by the Women's party in every state where one or more of the Senators have not yet declared themselves unqualifiedly in support of the National Suffrage Amendment. The most intense campaign however will be conducted in New Hampshire where more than two-thirds of the incoming legislators have already signed their names to a petition calling upon the United States Senators to vote in favor of the Amendment.

The Suffrage Amendment must pass before March 4th, members of the Women's party state. To hold it over until next session, even if it were to pass at once by both houses, according to a statement made today by Miss Alice Paul, National Chairman, of the party, "would be interpreted by women as an act of the greatest unfeelingness, since it would mean a delay of two years in its actual fulfillment."

Forty-one state legislatures are about to meet. Quick action is imperative since in 25 states the legislative session lasts 60 days or less, in others it ranges from 70 to 90 days. The Amendment to be ratified during this coming state legislative period therefore must pass not only at this session of Congress, but early in January. Senator Moses of this state, one of the new Senators in Congress has not yet come out emphatically for the Amendment. He will have the opportunity to cast the deciding vote on the Amendment, and the women of New Hampshire as well as the political leaders of this state and of the nation are looking to him to uphold our stand of democracy and to give a favorable vote.

Miss Sallie Hovey of Portsmouth, state chairman of the Woman's Party, arrives in Concord today, to lay plans for both the legislative and state campaigns, and to confer with the National workers. Miss Hovey will be found at the Headquarters of the Party at the Eagle Hotel during the legislative session.

## RESOLUTION ON THE DEATH OF CAPTAIN HOYT

Out of respect to our late brother, Thomas Burton Hoyt, who was a charter member of Piscataqua Harbor, No. 83, and also its first president, Piscataqua Association No. 83, now so called, has voted to drape its altar in mourning for thirty days and has adopted the following resolutions, which are to be spread on the records of this Association, a copy sent to his widow and copies sent to the local papers.

Whereas it has pleased our Great Master to again remove from this Association one of its charter members, who has been a constant and conscientious worker for the best interests of this Association, its members as individuals and the entire community in which he lived,

Therefore be it resolved, that in the loss of our late brother, Thomas Burton Hoyt, we have all lost a sincere friend and brother and this Association one of its staunchest supporters.

Resolved, that in the passing of our late brother, the wide circle of mariners who had come to know him by years of personal contact and business dealings have lost one who was considered a master in his profession and whose counsel and advice was highly esteemed.

Resolved, that Piscataqua Association No. 83 of the American Association of Masters, Mates and Pilots, takes this feeble means of expressing to his widow and relatives their sympathy and deep regret that he should be thus early in life removed from his activities, at a time when he was so helpful to the community in which he resided and when everything pointed to a bright and prosperous future.

W. H. PHINNEY, President.

## BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

Cleanses the little liver and bowels and they get well quick.

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs" to evacuate the bowels, no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters; sold here Get the genuine, made by "California Fig Syrup Company."

## OPENS REGISTRATION BUREAU.

The Chamber of Commerce has opened a registration bureau, where it is desired to secure the registration of soldiers returning home from duty, either overseas or in this country. The purpose of this Bureau is to obtain a complete registration of Portsmouth boys returning from military service. Such information will be kept in the files of the Chamber and no use made of it except by the organization itself. Portsmouth service men are therefore requested to call at the Chamber of Commerce office at their convenience where such information as they may care to give will be listed. The Chamber also desires to extend to all service men every facility at its disposal and will be glad to respond to the fullest extent to any request made upon it.

**WEDDED NEW YEAR'S DAY**

The marriage of Miss Ruth H. Young of Kittery and Harry G. Robinson of Elliot took place on New Year's Day at 1 o'clock at the parsonage of the Court Street Christian church on Irvington street. The pastor, Rev. Percy Warren Caswell, officiated, the double ring service being used. The wedding party included Mrs. Auville Young of Kittery, mother of the bride, and Mr. and Mrs. Fredwin Robinson of Elliot, parents of the groom.

The newly wedded couple left on an afternoon train on their wedding trip. Upon the conclusion they will take up their residence in Kittery.

The bride is a well known young woman and has been employed as a stenographer. The groom is a clerk in the clothing store of Norman B. Beane.

**WATCH NIGHT SOCIAL A SUCCESS**

A Watch Night Social held New Year's eve by the Four Leaf Clover Society of the Court Street Christian church proved to be one of the most pleasant social events held by that society for some time and a large number were in attendance.

The social began at eight o'clock and the first hour was devoted to an entertainment, which included a pantomime and vocal and instrumental selections, the order being as follows:

Vocal Solo ..... Stewart Humphreys  
Piano duet, Misses Emma Weston and Della Ward.  
Vocal duet, Miss Eleanor Reich and Stewart Humphreys.  
Pantomime, "The Course of True Love Never Runs Smooth."

Cast:  
Mother, Mrs. Marion Paul  
Daughter, Mrs. Maybelle Daine  
Sister, Mrs. Alldred Caswell  
Maid, Mrs. Thomas Chandler  
Young Man, Thomas Chandler  
Doctor, Fred W. Caswell  
Minister, Stewart Humphreys  
Boy, Lyman Griffin

Musical selections were rendered by Cammell's orchestra, a reading by Mrs. Pearl Foss and a vocal solo by Miss Eleanor Reich.

The hour from nine to ten was devoted to lively games and these furnished much merriment. The next thing on the program was the serving of a supper from ten to eleven o'clock, the menu being oyster stew, crackers, pickles and squash pie.

After eleven o'clock the gathering sang carols and college songs, this part of the program also being a feature of the evening. At ten minutes of twelve the lights were put out and the vestry was lighted with only candles and the glow from the fireplace.

As the New Year dawned there was silence and then prayer was offered by the pastor and the gathering sang "Hail to the Chief" and "The Star Spangled Banner" after which New Year greetings were exchanged and the gathering dispersed.

The vestry was made to look especially attractive for the occasion with red and green streamers, the place being arranged as a large living room with rugs and chairs.

The committee in charge of the successful affair was Mr. and Mrs. Fred W. Caswell, Mr. and Mrs. Charles Daine, Mrs. June Dawson, Mrs. Marion Paul, L. Goodwin Griffin, Rev. Percy Warren Caswell.

**MARINES' BALL BRILLIANT AFFAIR**

The ball of the Marines given on New Year's eve at the navy yard was a brilliant affair and the attendance numbered about 600. The event was held in the mess hall of the new marine barracks which was beautifully decorated, the work being in general charge of Private Parmelee of the Marine Corps.

Bunches of pine were arranged to form a deep fringe and this was festooned all about the building and over the posts and pillars in the halls. Banners, aks and Japanese lanterns were used in the adornments and red, white and blue electric lights enhanced the beauty of the decorative effect.

The marine orchestra furnished the music and the affair opened with a grand march led by First Sergeant Morgan and Mrs. Allen Richmond.

Fruit punch and orangeade was served throughout the evening and at intermission refreshments of assorted cake, ice cream and coffee were served and before the ball ended salads and crackers were also served by the committee in charge.

Just at the dawn of the New Year the lights were extinguished for a moment and a number of marines gave the bugle call from the outside and the marine emblem and the sign "Happy New Year" in electric lights were brilliantly lighted.

Among those present were officers of the navy yard and their families, and several local people of the executive board of the War Camp Community service. Special boats were run from the navy yard to this city to accommodate the guests who were driven from the navy yard landing in auto trucks.

The affair was a brilliant success and the committee was congratulated upon their ability to conduct the affair. The ball was in general charge of first sergeants Morgan, Kilpatrick and Gough.
